

FOAM is an Ottawa based band playing covers of Rock, Blues, Classic Rock, Motown and some originals. We love to play at charity events, corporate parties, special events. So how old are we? Old enough to have mastered many genres (as you will hear) and young enough to have fun and to play until your feet won't dance any more. We are not that angry but there are five of us and we are all accomplished musicians.

FOAM is David Somppi (keys, vocals), Rob Hilkes (vocals, percussion), Gary Marsh (percussion), Bob Corson (guitars, vocals), and Bill Davies (bass, harmonica). Collectively we have years of University music education, multiple decades of musical stage experience, and several tatoos.

Why hire FOAM for your special event?

Expertise - FOAM plays it all. Modern and Classic Rock, Motown, Blues, a bit of New Country and FOAM-riginals! We can provide up to 4 full sets with 45-55 minutes of music in each.

Experience - FOAM sounds and is comprised of seasoned / versatile musicians. We rehearse and gig regularly. We read music and can improvise like there's no tomorrow. Your ears will tell you we know what we are doing!! Milli Vanilli is not, and never will be, on our payroll!

Equipment - FOAM relies on professional grade PA equipment and music gear. We have invested wisely in equipment and back-up equipment so there is no "down" time.

Events - FOAM plays and has played everything from outdoor concerts for Canada Day and the Relay For Life to Fundraisers, Corporate Events, and of course, rockin' the house at our fav 'gin joints'. We know what works with crowds of all sorts.

Expectations - FOAM always beats the mark. We arrive on time, are easy to work with and always over deliver. Fact is, your enjoyment affects ours. By making sure you and your guests / customers have fun, selfishly so do we!! In case the acronym for our band name did not point it out, we are serious about humour & having fun.
